

Dornow - Workshop

Our Workshop And Our Technicians Are Always At Your Service!

Services:

I. Putting up of machines bought from us and instruction of your technical staff

Our technicians are skilful in putting your machines purchased from us into operation. Moreover, they are ready to instruct your technical personnel at request. This can be done on your premises or in our warehouse before the delivery of the machine/plant.

II. Maintenance and repair of the machines, delivered by us

Maintenance of these machines can, as a rule, be carried out by our customers themselves (see under I.). But it might be desirable over the years to have the machine checked by specialized staff. Our technicians will carry out a thorough maintenance service !

We will be pleased to repair your machines in case you do not want to carry out the repairs by yourselves. On your side or in our warehouse !

III. Re-coating of carborundum peeling elements

There is a special department in our workshop for the re-coating of carborundum discs, carborundum side walls or rollers with carborundum granulation. As a rule, the old coating will be removed before.

At request, we will supply granulation and chemicals to you if you want to carry out the work by yourselves.

Moreover, our technicians will be pleased to instruct our customers as far as coating is concerned so that you are enabled to do this work by yourselves in future.

IV. Special services, removals etc.

Please do not hesitate to ask for further services our technicians could take over for you.

A list of interesting articles and essays regarding the topics of the preparation and processing of tubers and vegetables and associated specialist areas can be found at our Internet site at www.dornow.de, Treatises.

**Review of your current peeling results or
before the purchase of a peeling machine or system:**

**Realistic test peelings with the most diverse peeling systems,
with the most diverse tubers and root vegetables, some fruit, with your raw
produce are possible in our Peeling Test Center!**

This paper contains non-committal notes. We do not lay claim to completeness. Alterations reserved.
Our order confirmation, accepted by our customers, is in effect upon delivery. - The presentation of a
new edition of this treatise will substitute for any previous versions.
